MAGICAL MEADOWS
THERAPEUTIC HORSEBACK RIDING

Annual Report 2025

Our Mission

To provide a natural space for those with physical, mental or emotional challenges, along with their families, to experience the healing power of horses.

Our Vision

We envision a culture in which the definition of healing is not limited to traditional medicine – a culture in which “healing” is understood to encompass immersion in the natural world as a way to experience physical, mental, and spiritual peace.

A Message from Our Leaders

As we reflect on 2025, we are overwhelmed with gratitude for every person who has walked alongside The Magical Meadows this past year. Because of you, our donors, volunteers, partners, families, and friends, hope has taken root, healing has deepened, and lives have been changed in powerful and lasting ways.

This year has been filled with meaningful moments: children discovering confidence, veterans and first-responders finding peace, families reconnecting, and our horses doing what they do best—meeting people right where they are with patience and grace. None of this happens by accident. It happens because you believe in this mission and choose, again and again, to invest your time, resources, and hearts.

We are also incredibly excited about the future. The growth happening here is more than buildings and programs. It’s about expanding access to healing, creating safe spaces for those who serve and sacrifice, and ensuring that Magical Meadows remains a place of belonging for generations to come. What lies ahead is bold, beautiful, and filled with possibility.

Thank you for trusting us. Thank you for believing in the power of connection between people, animals, and community. And thank you for being part of this journey. We cannot wait to continue growing, serving, and dreaming alongside you.

With deep appreciation and great excitement,
Tammy, Carl, and Michael
